

EC – CERTIFICATE OF CONFORMITY
0843 – CPD – 0101

In compliance with the Directive 89/106/EEC of the Council of European Communities of 21 December 1988 on the approximation of laws, regulations and administrative provisions of the Member States relating to the construction products (Construction Products Directive – CPD), amended by the Directive 93/68/EEC of the Council of European Communities of 22 July 1993, it has been stated that the construction product

HILTI Firestop Collar CFS-C

Penetration Seal Classified for use in flexible walls, solid walls and solid floors where they are penetrated by plastic pipes.

A pipe closure device used around plastic pipes to form a penetration seal to reinstate the fire resistance performance of wall and floor constructions, where they have been provided with apertures for the penetration of services. HILTI Firestop Collar CFS-C comprises a steel housing, an intumescent inlay and fastening hooks. The Collar may be used to provide a penetration seal with plastic pipes. The complete application range is detailed within ETA-10/0403 issued 22nd February 2011.

placed on the market by

HILTI Corporation
Feldkircherstrasse 100
9494 Schaan
Liechtenstein

and produced in the factories

HILTI werk 5a and Hilti werk 5b

is submitted by the manufacturer to a Factory Production Control and that the approved body OIB (Österreichisches Institut Für Bautechnik) Approval Body has performed the Initial Type-Testing for the relevant characteristics of the product the Initial Inspection of the factory and of the Factory Production Control. UL International (UK) Ltd, Notified Body 0843 performs the continuous surveillance, assessment and approval of the Factory Production Control.

This certificate attests that all provisions concerning the attestation of conformity described in European Technical Approval:

ETA-10/0403

were applied and that the product fulfils all the prescribed requirements.

This certificate was first issued on 15th April 2011 and remains valid as long as the conditions laid down in the harmonised technical specification in reference or the manufacturing conditions in the factory or the FPC itself are not modified significantly.

First issue date: 15th April 2011
